Want to change the world, or just want a change?

Whether you are still a student or already in work, a gap-year placement is a unique opportunity to broaden your horizons, enhance your CV and step back from your studies or career to decide what you want to do with your life. Perhaps more importantly, a gap-year placement is the chance to do something concrete and tangible to help people in need in underprivileged areas of the world.

Placements are designed for people over 17 years of age, and run for six or nine months throughout the world. All placements begin with an intensive orientation course to help you find your feet; for some countries, an optional ten-day intensive language course is recommended. Participants work as volunteers in sectors such as education, conservation, medical support and care work.

Food and accommodation are provided, but participants pay their own travel costs.

To apply, choose your destination and complete and send in the application form (downloadable from our website www.gapyearplacement.org) together with your CV. Please note that, due to an increasing number of applications, places cannot be guaranteed. Short-listed candidates will be invited to attend a selection interview in their country of residence.

Reading and discussion

4 Read the four descriptions of gap-year placements. With a partner, explain which one(s) you'd prefer to go on, and why. Why wouldn't you like to go on the others?
